Two Day National Level Faculty Workshop
on
LATEST DEVELOPMENTS IN PAVEMENT
CONSTRUCTION AND MAINTENANCE

14-15 June 2013
Under TEQIP-II

APPLICATION FORM
(PHOTO COPY CAN BE USED)
(Please mail to reach before 8th June 2013)

1. Name: __________________________________________
   (In Block Letters)

2. Designation: ______________________________________

3. Gender: Male / Female

4. Date of Birth: ________________________________

5. Address for communication:
   ________________________________________________
   ________________________________________________
   ________________________________________________

Phone No.: _______________________________________

E-mail ID: _______________________________________

6. Highest academic qualification and specialization:

7. Experience (In Years):
   Teaching: ______ Industry: ________

8. Basic knowledge of Pavement Construction:
   Yes / No

Place: __________________________________________

Date: ____________________________________________

About the Institute
Sree Vidyanikethan Engineering College was established in the year 1996 by Padma Shri Dr. M. Mohan Babu. The College is approved by AICTE and affiliated to JNTU Anantapur. The institution has grown in its size and stature over the years, from an initial intake of 180 to 1374 students to serve the cause of technical education in the backward region of Rayalaseema in Andhra Pradesh. The College now offers 10 B.Tech. programs, 8 M.Tech. programs and MCA Program with faculty strength of over 300. AICTE has accorded permission to run 2nd Shift Polytechnic from the academic year 2009-10. The College is located in a sprawling campus of about 30 acres, amidst sylvan surrounding with aesthetically built infrastructure at A. Rangampet Village of Chandragiri Mandal near the temple town Tirupati. The College is known for its quality initiatives which are reflected in accreditations by NBA, NAAC ‘A’ Grade and collaborations with multinational organizations such as TCS, IBM, Wipro and others. The College is accorded Autonomous Status by the UGC, New Delhi from the Academic Year 2010-2011. With consistent and excellent academic performance of students in the University examinations, the College has endeared itself to all its stakeholders. The college is participating in TEQIP-II from 2011-12.

Profile of Civil Engineering Department
The Department of Civil Engineering was established in the academic year 2009-2010 with an intake of 60 students. Further, the intake of students has increased from 60 to 120 during the academic year 2011-12. The Department has experienced and dedicated teaching faculty. The Department is endowed with well established laboratories with sophisticated instruments and offers consultancy and testing services in varied fields of civil engineering.

Programme Objective
Government of India has initiated two major projects in transport sector to improve the speed and safety on Indian roads. One is the National Highways Development Program (NHDP) to convert the 13,146 km of national highways to high quality 4/6 lane highways and other one is the Pradhan Mantri Gram Sadak Yojana (PMGSY) to provide the connectivity to unconnected rural habitations by new road construction of 3,68,000 km and upgradation/renewal of 3,70,000 km of roads in rural areas.

The above targets will result in lot of construction and maintenance activity. It needs a huge effort both by the Government as well as the Private parties to achieve the anticipated development. Therefore the present seminar topic is a very important and significant in the present times to achieve the above targets. The target group for the program is faculty from various engineering colleges so that they can impart the knowledge of the latest developments in Pavement Construction and Maintenance to their students who are going to play a major role in the infrastructure development of our country.

Programme Outline
Experts from reputed institutions like IITs, NITs and various research bodies will present their theories, concepts and practical solutions for the problems encountered in Pavement Construction and Maintenance.

Resource Faculty
Eminent academicians from IISc, IITs, NITs and Universities will be the resource persons.

Eligibility
The members of faculty of academic Institutions approved by AICTE, officials/engineers from Govt. Departments, Industry and R & D organizations are eligible for participation in the programme.

Financial Assistance to Teachers
No TA & DA will be paid to the participants. The participants will be provided lodging and boarding facilities in college guest house / hostels.

Registration Fee
Faculty members are required to submit their application sponsored by the college along with a bank demand draft of Rs. 200/- (refundable) drawn in favour of “LDPCCM” payable at Andhra Bank, Code (1540), A. Rangampet, Chandragiri (Mandal), Chittoor Dist., Andhra Pradesh towards registration fee.

Course fee for Participants from Industry / other organizations is Rs. 1,000/- only. The expenses towards traveling and lodging are to be borne by the participants.

Important Dates
Last date for receiving applications: 08th June 2013
Date for intimation of selection by e-mail: 10th June 2013
