An Industry oriented expert lecture on “Molecular Pathogenesis of Parasites and Bacteria” by Dr. B. Venkata Subba Raju, Associate Manager, Biocon, Bangalore is organized under TEQIP-II for M.Tech, III & IV B.Tech students of Biotechnology in e-classroom on 20th July, 2013 (Saturday) from 11.00 AM to 1.30 PM.

Dr. B. Venkata Subba Raju explained the molecular markers involved in detecting the pathogens (Leishmania) and in diagnosing the disease. Also he stressed on the role of drug delivery mechanisms.

In the second part of his lecture he gave a presentation on various bioassays involved in quality control for production of various recombinant products. The students were immensely inspired by his lecture.
