Dr. K. Kasturirangan, Hon’ble Member (Science), Planning Commission, Government of India, addressed the teachers and students participating in the a two-day Centenary Workshop on Focal Theme “Science for Shaping the Future of India”, jointly organized by Tirupati Chapter of Indian Science Congress Association (ISCA) and Sree Vidyanikethan Educational Institutions (SVEI) on 27th October, 2012 in the Campus. In his address he laid emphasis on the role of Science and Technology in promoting economic growth and human welfare.

He narrated the growth of Science and Technology in India since independence and expressed his happiness over the rapid strides it achieved and its contribution for furtherance of human welfare.

He advised the teachers and students to evince keen interest in science and share their research experience for the overall growth of the economy, particularly the rural economy.

Dr. D. Narayana Rao, Director (Research), SRM University, Chennai; Prof. T.Gopala Rao, Special Officer, SVET; Prof. R. Ramamurthi, formerly Vice-Chancellor, S.V.University; representatives of ISCA; Dr. P.C.Krishnamachary, Principal, SVEC; members of faculty and students attended the function.
