

ACE EVENTS

The Department of EConE has conducted an outreach activity. The main theme of the activity is to create awareness in the rural area students on science and technology.

Activity	Outreach
Duration and Date	3 hours, December 22,2011
Theme	Roll of Science & Technology in today's society
Target group	High school students in Kotala village
Resource persons	Mr. K. Rohith Mr. G.C. Madhu And III ECONE students
Objectives	<ol style="list-style-type: none">1. To establish a collaborative system where students and faculty work together to foster a communal partnership in the learning process.2. To make a systematic attempt to provide services beyond conventional limits to particular segments of the community. In the present case, we define the outreach as services beyond routine classroom and laboratory activities.
